

**Third MoSART Meeting**  
**June 19, 2008 – L4812**  
**École Polytechnique de Montréal**

***Program***

**8:00 – 9:00** Breakfast

**8:45 – 9:00** Welcome

**Keynote: 9:00 – 11:00 Session Chair: Giulio Antoniol** - École Polytechnique, SOCCER Laboratory

**9:00 – 10:30** Filippo Ricca *Controlled experiments: an introduction* – University of Genoa

**10:30 – 11:00** Coffee break

**Session I: 11:00 – 12:30 Session Chair: Martin Robillart** – McGill University

**11:00 – 11:30** Zeina Awedikian *Automatic generation of test data for MC/DC test coverage*– École Polytechnique, SOCCER Laboratory

**11:30 – 12:00** Yasmin Molazadeh *Towards a combined static and dynamic analysis approach for feature location* – Concordia University

**12:00 – 12:30** Marouane Kessentini *Model Transformation as an Optimization Problem* – DIRO, Université de Montréal

**12:30 – 14:00** Lunch at the École Polytechnique Cafeteria, La Rotonde

**Session II: 14:00 – 15:30 Session Chair: Houari Sahraoui - DIRO, Université de Montréal**

**14:00 – 14:30** Barthelemy Dagenais *Recommending Adaptive Changes for Framework Evolution* – McGill University

**14:30 – 15:00** Foutse Khomh *Patrons et qualité des programmes orientés objets* – DIRO, Université de Montréal

**15:00 – 15:30** May Haidar *A Formal Approach for Run-Time Verification of Web Applications using Scope-Extended LTL* – DIRO, Université de Montréal

**15:30 – 16:00** Coffee break

**Session III: 16:00 – 17:00 Session Chair: Yann-Gaël Guéhéneuc – DIRO, Université de Montréal / École Polytechnique**

**16:00 – 16:30** Simon Denier *Mendel: A Model, Metrics, and Rules to Understand Class Hierarchies* – DIRO, Université de Montréal

**16:30 – 17:00** Segla Kpodjedo *Error Correcting Graph Matching Application to Software Evolution* – École Polytechnique, SOCCER Laboratory

**Workshop Wrap-up**
